

Press Release 7th January, 2015

'Perspectives' – Images of Northwich

Visual Arts Cheshire are pleased to announce their forthcoming art exhibition which is being held at Weaver Hall Museum and Workhouse. 'Perspectives' is Visual Arts Cheshire's 18th exhibition. Whilst VAC are negotiating for a new gallery within Northwich town centre they have teamed up with Weaver Hall Museum and Workhouse to hold their first exhibition away from their own premises. The Cheshire West Arts team have kindly made gallery space available for VAC at London Road's iconic Weaver Hall for the exhibition which runs from Sat 17th Jan until Sat 19th April, 2015.

'Perspectives' is an open exhibition – entries were invited which relate to, or are inspired by, Northwich and/or surrounds. The exhibition includes painting, photography, textiles, mixed media and 3D work. The exhibits are mostly from the local artist community and all is for sale.

Artists participating have been inspired by the town's many attractive features: the boats on the waterways, the natural habitat surrounding Marbury Mere, the industry and architecture of the area and the unique character of Northwich. We are delighted to have received work from Michael Troy, Bernice Tackley, Tony Snowball, Bryan Booth, Phillip Dobson, Maria Walker and Patricia Kelsall to name but a few of the artists who have responded in a variety of mediums, whether that be in sculpture, paintings, textiles, photography, print etc. There is something that will appeal to everyone in this exhibition.

Northwich is currently undergoing a massive transformation with the regeneration of the town and it is wonderful and exciting that so many artists have responded so positively to the town and its surrounding areas. Visual Arts Cheshire hope that you will visit the museum and view the exhibition over the next 3 months.

VAC have several more projects in the pipeline together with a planned programme of events and workshops that will be announced on their website. Details can be found at : www.visualartscheshire.blogspot.com
